A replay / recording of the session will be available following the conference through the Bionano website at <https://ir.bionano.com/> for at least 30 days.

About Bionano

Bionano is a provider of genome analysis solutions that can enable researchers and clinicians to reveal answers to challenging questions in biology and medicine. Bionano's mission is to transform the way the world sees the genome through optical genome mapping (OGM) solutions, diagnostic services and software. Bionano offers OGM solutions for applications across basic, translational and clinical research. Through its Lineagen, Inc. d/b/a Bionano Laboratories business, Bionano also provides diagnostic testing for patients with clinical presentations consistent with autism spectrum disorder and other neurodevelopmental disabilities. Bionano also offers an industry-leading, platform-agnostic software solution, which integrates next-generation sequencing and microarray data designed to provide analysis, visualization, interpretation and reporting of copy number variants, single-nucleotide variants and absence of heterozygosity across the genome in one consolidated view. Bionano additionally offers nucleic acid extraction and purification solutions using proprietary isotachopheresis technology.

Unless specifically noted otherwise, Bionano's OGM products are for research use only and not for use in diagnostic procedures.
